

MONDAY, JANUARY 11

Tammy Connor Interior Design

I have been most fortunate to learn of the uber talented, Birmingham-based Tammy Connor, thanks to Megan Houston. Tammy's firm has been featured in numerous national design publications, and most recently, Tammy Connor Interior Design was selected to design Coastal Living magazine's ten-year anniversary Idea House in North Carolina.

I was beyond thrilled when Megan shared photos of a project that Tammy completed in Philadelphia, Pennsylvania during 2007. It's wonderfully sophisticated, utterly charming and invokes an element of European design

aesthetics. Many, many thanks to Tammy for allowing me to share this stunning project with all of you. Tomorrow I will introduce you to the woman behind the work.
